Pen Green
Early Years Stronger Practice Hub

Supported by Ambition Institute

Supported by Department for Education

Fully funded professional development

Evidence-informed learning for early years practitioners

Pen Green Early Years Stronger Practice Hub is offering fully funded professional development to strengthen practitioners' knowledge, confidence and everyday practice.

Delivered by trained Early Years Learning Leads, each programme combines evidence-informed content, professional reflection and practical approaches that can be embedded into everyday experiences, interactions and routines.

Early Language

Strengthen communication and language practice for children aged 2-4.

Explore how communication and language develops, create communication-supportive environments, strengthen interactions and identify and respond to children's needs.

Early Maths

Build confidence in supporting early mathematical thinking.

Explore counting, cardinality, measurement, pattern, shape and space, with practical strategies that can be embedded naturally into play, routines and interactions.

PSED

Support emotional wellbeing, relationships and self-regulation.

Deepen understanding of personal, social and emotional development and explore evidence-informed approaches to wellbeing, self-regulation, resilience and relationships.

FULLY FUNDED

Approximately 15 practitioners per cohort

Depending on demand, up to two practitioners from the same setting may be able to attend.

Who can take part?

- Early years practitioners in PVIs, childminding settings and schools with nursery classes
- Practitioners working with children aged 2-4
- Practitioners qualified at Level 3 or above
- Settings in North Northamptonshire, West Northamptonshire, Rutland, North Buckinghamshire and Milton Keynes
